

About ASHM

Our Purpose

ASHM is a peak organisation of health professionals in Australia and New Zealand who work in HIV, viral hepatitis and sexually transmissible infections (STIs). ASHM draws on its experience and expertise to support the health workforce and to contribute to the sector, domestically and internationally.

Who we are

ASHM is a professional, not-for-profit, member-based organisation. It supports its members, sector partners and collaborators to generate knowledge and action in clinical management and research, education, policy and advocacy in Australasia and internationally. It is committed to quality improvement, and its products and services are sought after by governments, members, health care workers and affected people. ASHM's dedicated membership, high-calibre staff and commitment to partnership assure its effectiveness in achieving its mission.

1. ASHM National Policy and Education Division

Provides education, publications, guidelines and policy development for health professionals and others involved in the prevention and management of BBVs and STIs. We incorporate a partnership approach in all our activities.

2. ASHM NSW

Supports the HIV, viral hepatitis and STI workforce in NSW through training and education, clinical support and policy development.

3. ASHM International Division

Focuses on collaborations and partnerships to provide training and support for professional health care workers in regional countries.

4. ASHM Sponsorship, Conference and Events Division

Supports the broader health and scientific sectors via the management and delivery of professional conferences and provision of events management services.

Benefits of ASHM Membership

ASHM Membership

ASHM has a membership base of over 1000 health care professionals from a range of professions.

Becoming a member of ASHM is a great way to stay informed and develop networks in the sector.

Take a look at some of the benefits below:

- Discounted registration to the annual Australasian HIV/AIDS Conference;
- Latest sector information through individually tailored email alerts corresponding to selected areas of interest;
- Free or discounted training courses and seminars contributing to professional development and continuing professional registration requirements;
- Networking opportunities;
- Professional teaching, training and writing opportunities;
- Contribution to the development of guidelines, standards and policy.
- Prioritised access to scholarship programs;
- Educational and networking dinners, prioritised registration to ASHM Members.
